THE ENRICHMENT CENTER

SHELF CARE

A BOOK FAIR FOR GROWNUPS

The Enrichment Center is a nonprofit mental health agency partnering with schools to support the mental health needs of children and teens in our community. The Enrichment Center eliminates barriers to mental health services so that every child has access to a professional therapist when facing a difficult time.

Our team of therapists is currently serving students in Huntsville City Schools, Madison City Schools, and Madison County Schools.

We hope that your business will come alongside us as a partner for our 2nd Annual Shelf Care event. This book fair for grownups will raise funds to support our school-based therapy program which, in turn, impacts thousands of students in our community by providing access to mental healthcare.

Thank you for helping us make a difference in the lives of our community's children. Your partnership means so much!

In gratitude,

Allison Spratley

Executive Director
